

Case Study

Bromsgrove
District Council
www.bromsgrove.gov.uk

Client : Interserve Engineering/Worcestershire County Council
Scope : Complete IT infrastructure

General/Brief

To implement and maintain the complete IT infrastructure within seven PFI Schools, namely North Bromsgrove High School, South Bromsgrove High School, Parkside Middle School, Meadows First School, Alvechurch Middle School, Crown Meadow First School and Sidemoor First School.

The infrastructure supplied, installed and configured consists of the following:

1. 10gb Fibre Backbone solution
2. Belden Category 6 Outlets
3. Extreme Network Edge Switches with over 3600 active network ports
4. Aastra VoIP PABX solution
5. UPS provision
6. Extreme Wireless system capable of supporting up to 1000 users

Conclusion

This was a very successful project, delivered on time and within budget, meeting and exceeding the client's expectations.
